

Thoroughly Modern Dresden Teacher Anelie Belden

Students can choose from any of the projects which are in the book, Thoroughly Modern Dresden. Please be aware of the skill level of each project which is noted in the book and choose according to your capabilities. Students are also encouraged to design their own Dresden. This would be more involved and would require communication with me in order to understand the yardage needed for your design. The seminar allows us sufficient time to learn all of the Design options offered in the book, the variety of Border construction, finishing techniques, Quilting the Dresden and gives students more time to complete their quilt.

Supply List Please choose the project you would like to make and refer to the book for the fabric requirements and supplies needed for that project. (Note: Kits may be available for Romancing the Reds, German Chocolate and Flower Power. Please contact me to order)

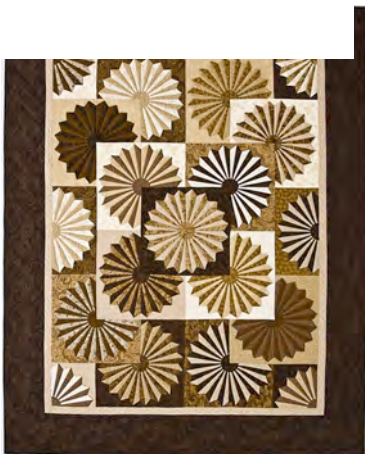

Other supplies needed are:

- Thread for piecing and decorative appliqué if desired
- Sewing machine in good working order - Please know how to use your machine.
- 1/4" foot is helpful in establishing an accurate 1/4" seam Open toe foot if doing machine appliqué
- Multi-plug extension cord with surge protection and a table-top light
- Rotary Cutting tools, Cutter, board and rulers
- *Fabric Basting glue such as Roxann's glue
- *Fabric marking tool- Blue marker, or chalk-o-liner (One that will show up on your fabric)
- *Fast-2-cut Dresden Ruler or Template plastic
- *Freezer Paper
- *Finger Pressing tools
- *Spray Starch, small plastic container, paint brush
- Basic sewing supplies –Scissors, seam ripper, straight pins, pin cushion etc.
- Scissors for Fabric, Paper and Plastic
- Mechanical Pencil
- Sheet to cover your work at night
- *Quilters Vinyl to create quilting designs

Please note the items with * I will have on hand to purchase if you do not have it.

Work to do ahead of class- I assume most students are knowledgeable in how to rotary cut. **Students can begin sewing in class.** Refer to the cutting chart for the project you have chosen and **cut the blocks** project requires. **The strips for the blades should be cut out; we will sub-cut the blades in class** accurately with the fast2cut Dresden ruler or template and help you understand which blade design w quilt design. The center circles will be cut in class. Students can cut borders if they desire. If you are creating your own, you may want to contact me to discuss your cutting information.
