

VICKI CONLEY

Designing from Photo to Imagination

You will learn how to simplify and combine photos into a graphic design both the old fashioned way with tracing paper and with apps on the iPad. You will learn my turned edge machine piecing technique using Floriani Stitch n Wash stabilizer. Cutting apart the stabilizer to use as templates you will see how easy it is to turn the edges with glue stick. It is left in the finished piece giving nice body to the art quilt. You will also learn my fussy piecing technique using a gradation fabric. You can construct either a landscape or an animal. Bring plenty of photos.

\$7.00 Kit fee for stabilizer

STUDENT SUPPLY LIST
